Description of Activity & Potential Duration

The workbooks contain activities for delivery of 1-day workshops (which can be extended and delivered as workshops spanning a number of days – with extension materials) The workshops link directly into schools enterprise curriculum.

Key Outcomes Achievable

- Develop a practical knowledge of the decisions involved with running a business.
- Develops initiative and problem solving abilities.
- Promotes an understanding of how business issues such as finance, sales and marketing are affected by each other.
